

No matter what type of restaurant or how many locations, Panasonic knows what determines your success is your ability to deliver high quality food with a great customer experience. We believe the way to do so is to look at your restaurant holistically. Integrating all of its different parts - from the front of store POS, kiosks, and menu boards, to the back office of inventory and labor management. Panasonic's complete ClearConnect eco-system includes the full array of solutions to make you successful.

With over 40 years of deploying and supporting solutions in the QSR and Fast Casual space, and over 100 years of innovation as a company, Panasonic offers turnkey solutions that can be implemented holistically, or ala carte. **The next generation of Panasonic solutions is here.**

Kiosk

Kiosks help you deliver a better customer experience by decreasing order time and increasing customer throughput

Kiosk Hardware · Kiosk Software
PopID Facial Recognition

Smart Locker

Smart food lockers give you the abilities customers demand; reduce wait times, speed up throughput and reduce traffic in the QSR - all which increases your efficiency

On & Off-Premise Solutions

Point-of-Sale

The screens in the kitchen, the mobile device taking an order, the kiosk or POS on the floor – everything is in-sync and connected, to make sure your operation is running at peak efficiency

POS Hardware · Toughpad Tablets
iQtouch Software

Digital Signage

Provide high-impact visual messaging to your customers with the reliability of our 24/7 rated enterprise grade displays

Indoor / Outdoor Digital Menu Boards

Drive-Thru

The latest QSR innovation in a turnkey solution that will make sure your drive-thru is running on all cylinders... reducing errors while improving overall efficiency

Attune Hardware · iQtimer System

Back Office

Maximize your efficiency by utilizing real-time data analytics across your whole store, for insights that will increase your profitability

Clearview Software

Service & Support

Managing all your tech from different vendors is stressful and complicated. ClearConnect can cover all your technology with scalable service plans to meet all your operations needs

24/7 Support · Scalable service plans
