KX-DT/KX-T Series

High-quality communication with high cost-performance

KX-DT500 Series digital proprietary telephones offer advanced productivity features such as an easy-to-see large display with backlight, a full duplex speakerphone and flexible function keys. They are designed to be a cost effective choice for any business.

• 6-line Backlight LCD Display

• 24 Flexible Function Keys

• Full Duplex Speakerphone

KX-DT Series Key Features

- Full Duplex Speakerphone
- Large Display with Backlight
- Flexible Function Keys
- EHS Support

* Some functions are not supported by some models.

Single Line telephone

KX-T7716

Flexible

- A flat and slim design that fits any type of office design.

Productive

- 10 auto answer emergency numbers, caller ID and speaker phone, message waiting light.

Affordable

- Compatible with affordable communication servers to create simple office solutions.

* For other analogue terminal lineups, please confirm p14.

KX-HDV Series

Flat and slim design, sophisticated communication

KX-HDV series is an IP telephone that harmonizes with IP-converted offices and pursues ease of use.

This series can answer a wide range of business needs from basic functions to video conferencing.

All models support handsets and speaker phones with full and clear sound quality, offering sophisticated communication.

- 4.3-inch Colour TFT LCD Touch Panel **HDV430**
- Video Call Capability **HDV430**

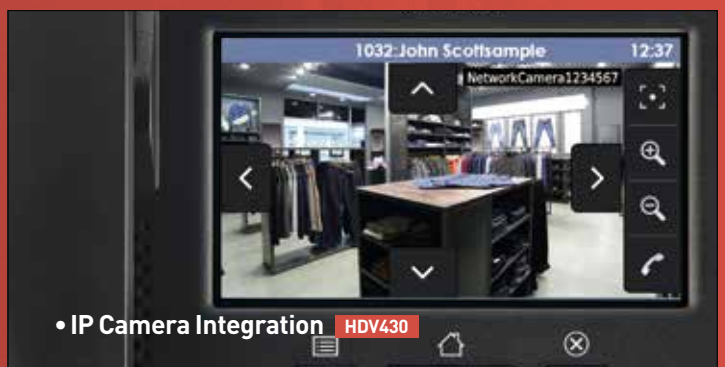

- Full Duplex Speakerphone
- HD Sound with Wideband Audio

- 12 Function Keys with Self-labelling **HDV230**

- IP Camera Integration **HDV430**

KX-HDV Series Key Features

- Full Duplex Speakerphone
- HD Sound with Wideband Audio
- LCD Display with Backlight
- Flexible Function Keys
- Gigabit Ethernet Port
- PoE
- EHS Support
- Built-in Bluetooth

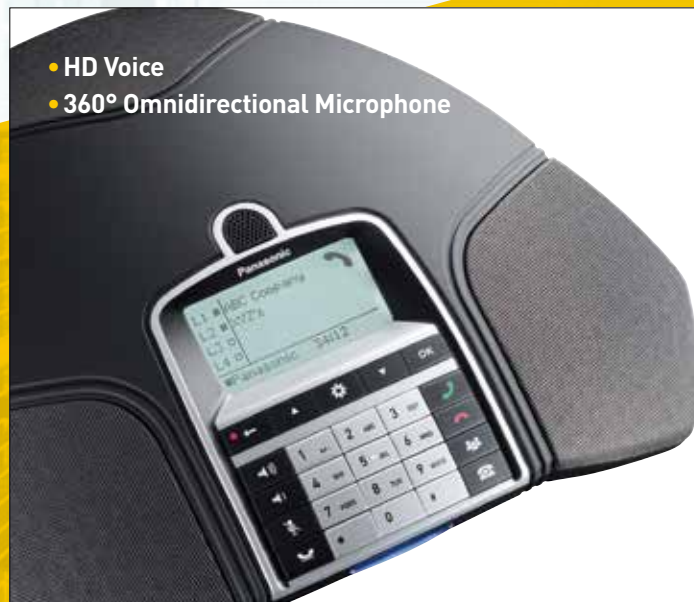

* Some functions are not supported by some models.
For the details, please refer to the Terminal Comparison chart on p12.

KX-HDV800

Simple, Effortless, and Quick Start Conference Calls

In the KX-HDV800 conference phone, we have embedded the best of current technology to reduce noise and deliver crystal-clear HD audio experience. All this is made possible using an advanced 360° omnidirectional microphone.

The KX-HDV800 and Panasonic Conference App work together to bring One Touch Conferencing into the conference room.

- HD Voice
- 360° Omnidirectional Microphone

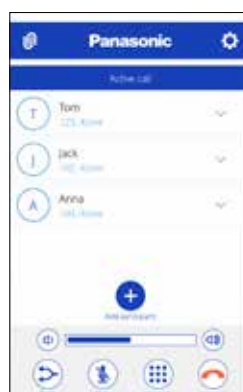

- LED Status Indicator

- Illuminated Graphics (LCD), 128 x 64 pixels

Panasonic Conference App

- Call contacts straight from your local address book
- Create conference groups and add participants
- Adjust the volume

Optional Equipment

- Expansion Microphone x 2 pcs (KX-HDV01)

KX-HDV800 Key Features

- HD Sound with Wideband Audio
- Full Duplex Speakerphone
- Multi-Party Call (Up to 5 parties)
- PoE
- Secure VoIP (SIPS/SIP-TLS, SRTP)
- Conference Recording to SD/SDHC Card
- Bluetooth for Exclusive Application
- LDAP Phonebook

KX-NTV Series

Flexible communication and safety monitoring

KX-NTV series is a versatile business communication system equipped with a built-in camera and speakerphone, offering simultaneous video and high definition audio. It also delivers surveillance and recording features, while the ability to connect to mobile phones and tablets allows for superior business communication, remotely and on demand.

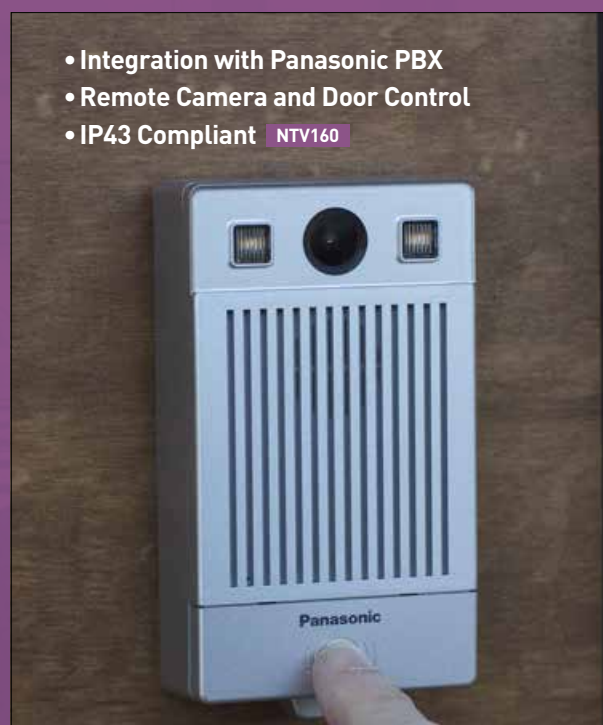

- Built-in Speaker, Microphone and Camera
- Record Audio with HD Video
- Motion, Voice and Tampering Detection*

* KX-NTV series alerts you if your camera is being tampered with e.g., spray, redirection and defocusing.

- Integration with Panasonic PBX
- Remote Camera and Door Control
- IP43 Compliant **NTV160**

KX-NTV Series Key Features

- Built-in Speaker, Microphone and Camera
- Record Audio with HD Video
- Integration with Panasonic PBX
 - NS series** **NSX series**
- Connect to Mobile Devices
- Motion, Voice and Tampering Detection
- Supports up to 10 Multiple Connections
- Remote Camera and Door Control
- One-touch Call
- Built-in PoE
- Built-in Wireless LAN (requires optional AC adapter)
 - NTV150**
- IP43 Compliant **NTV160**
- Easy Installation and Maintenance

- One-touch Call

KX-TCA/KX-UDT Series

Cordless mobility solution offering smooth communication

KX-TCA and KX-UDT series are DECT wireless handsets designed to provide smooth communication in business scenes.

Combined with an IP cell station or repeater, you can realize highly reliable mobility within large premises. Moreover, they are equipped with useful features such as noise reduction, providing more comfortable conversation. A wide range of handsets are available to meet your needs; from standard and compact handsets to a tough type model.

- 1.8-inch Colour LCD
- 3 Soft Keys

- 12 Flexible Function Keys
- Noise Reduction
- Full Duplex Speakerphone

- IP65 Compliant Dust Protection and Splash Resistance

TCA385 UDT131

- Belt Clip

KX-TCA/KX-UDT Series Key Features

- 1.8-inch Colour LCD
- Flexible Function Keys
- Full Duplex Speakerphone
- Soft Keys
- Noise Reduction
- Paging
- IP65 Compliant
- Built-in Bluetooth
- Vibration

* Some functions are not supported by some models.
For the details, please refer to the Terminal Comparison chart on p13.

UC Pro/Mobile Softphone/Communication Assistant

Panasonic's three powerful applications enhancing your communication

UC Pro2** enables easy, intuitive communication in a variety of forms, including fast, precise information transmission and seamless multi-device connection. Smooth compatibility with a Panasonic PBX offers strong support for various kinds of business.

UC Pro Key Features

- Voice Call
- Text Chat
- Audio Chat
- Video Chat
- Contact List
- Presence
- Telephony (CTI) using PBX Extension
- Mobile Integration
- Integrated Calendar
- Integration with Microsoft® Outlook®

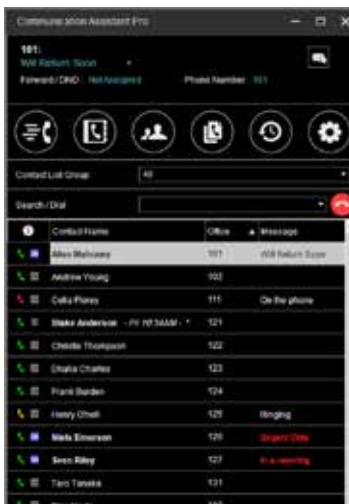

Mobile Softphone2** is a simple application that brings audio and visual communication together in your mobile device. It lets you use your smartphone just the way you want, while maximizing mobility and minimizing costs.

Mobile Softphone Key Features

- Audio Call
- Video Call
- Smartphone Works as a Company Phone Extension
- Push Notification
- SIP-TLS Support
- Call Log/Missed Call Indicator
- Simple Installation

Communication Assistant is a highly intuitive PC-based application suite with a variety of collaboration tools. Four versions - Basic Express, Professional, Supervisor, and Operator Console - are available, all of which offer high-performance functions for desktop integration and telephone system management.

Communication Assistant Key Features

- Point and Click Call Control
- Rich Presence Functionality
- Team Collaboration Tools
- Instant Messaging (Chat)
- Visual Voice Messaging
- Unified Messaging
- Integration with Microsoft Outlook
- Doorphone and IP Camera Control
- Call History, Calls Made, Calls Missed
- Call Centre Features
- Agent Login/Logout and Wrap-up
- Supervisor Group Call Monitoring and Management

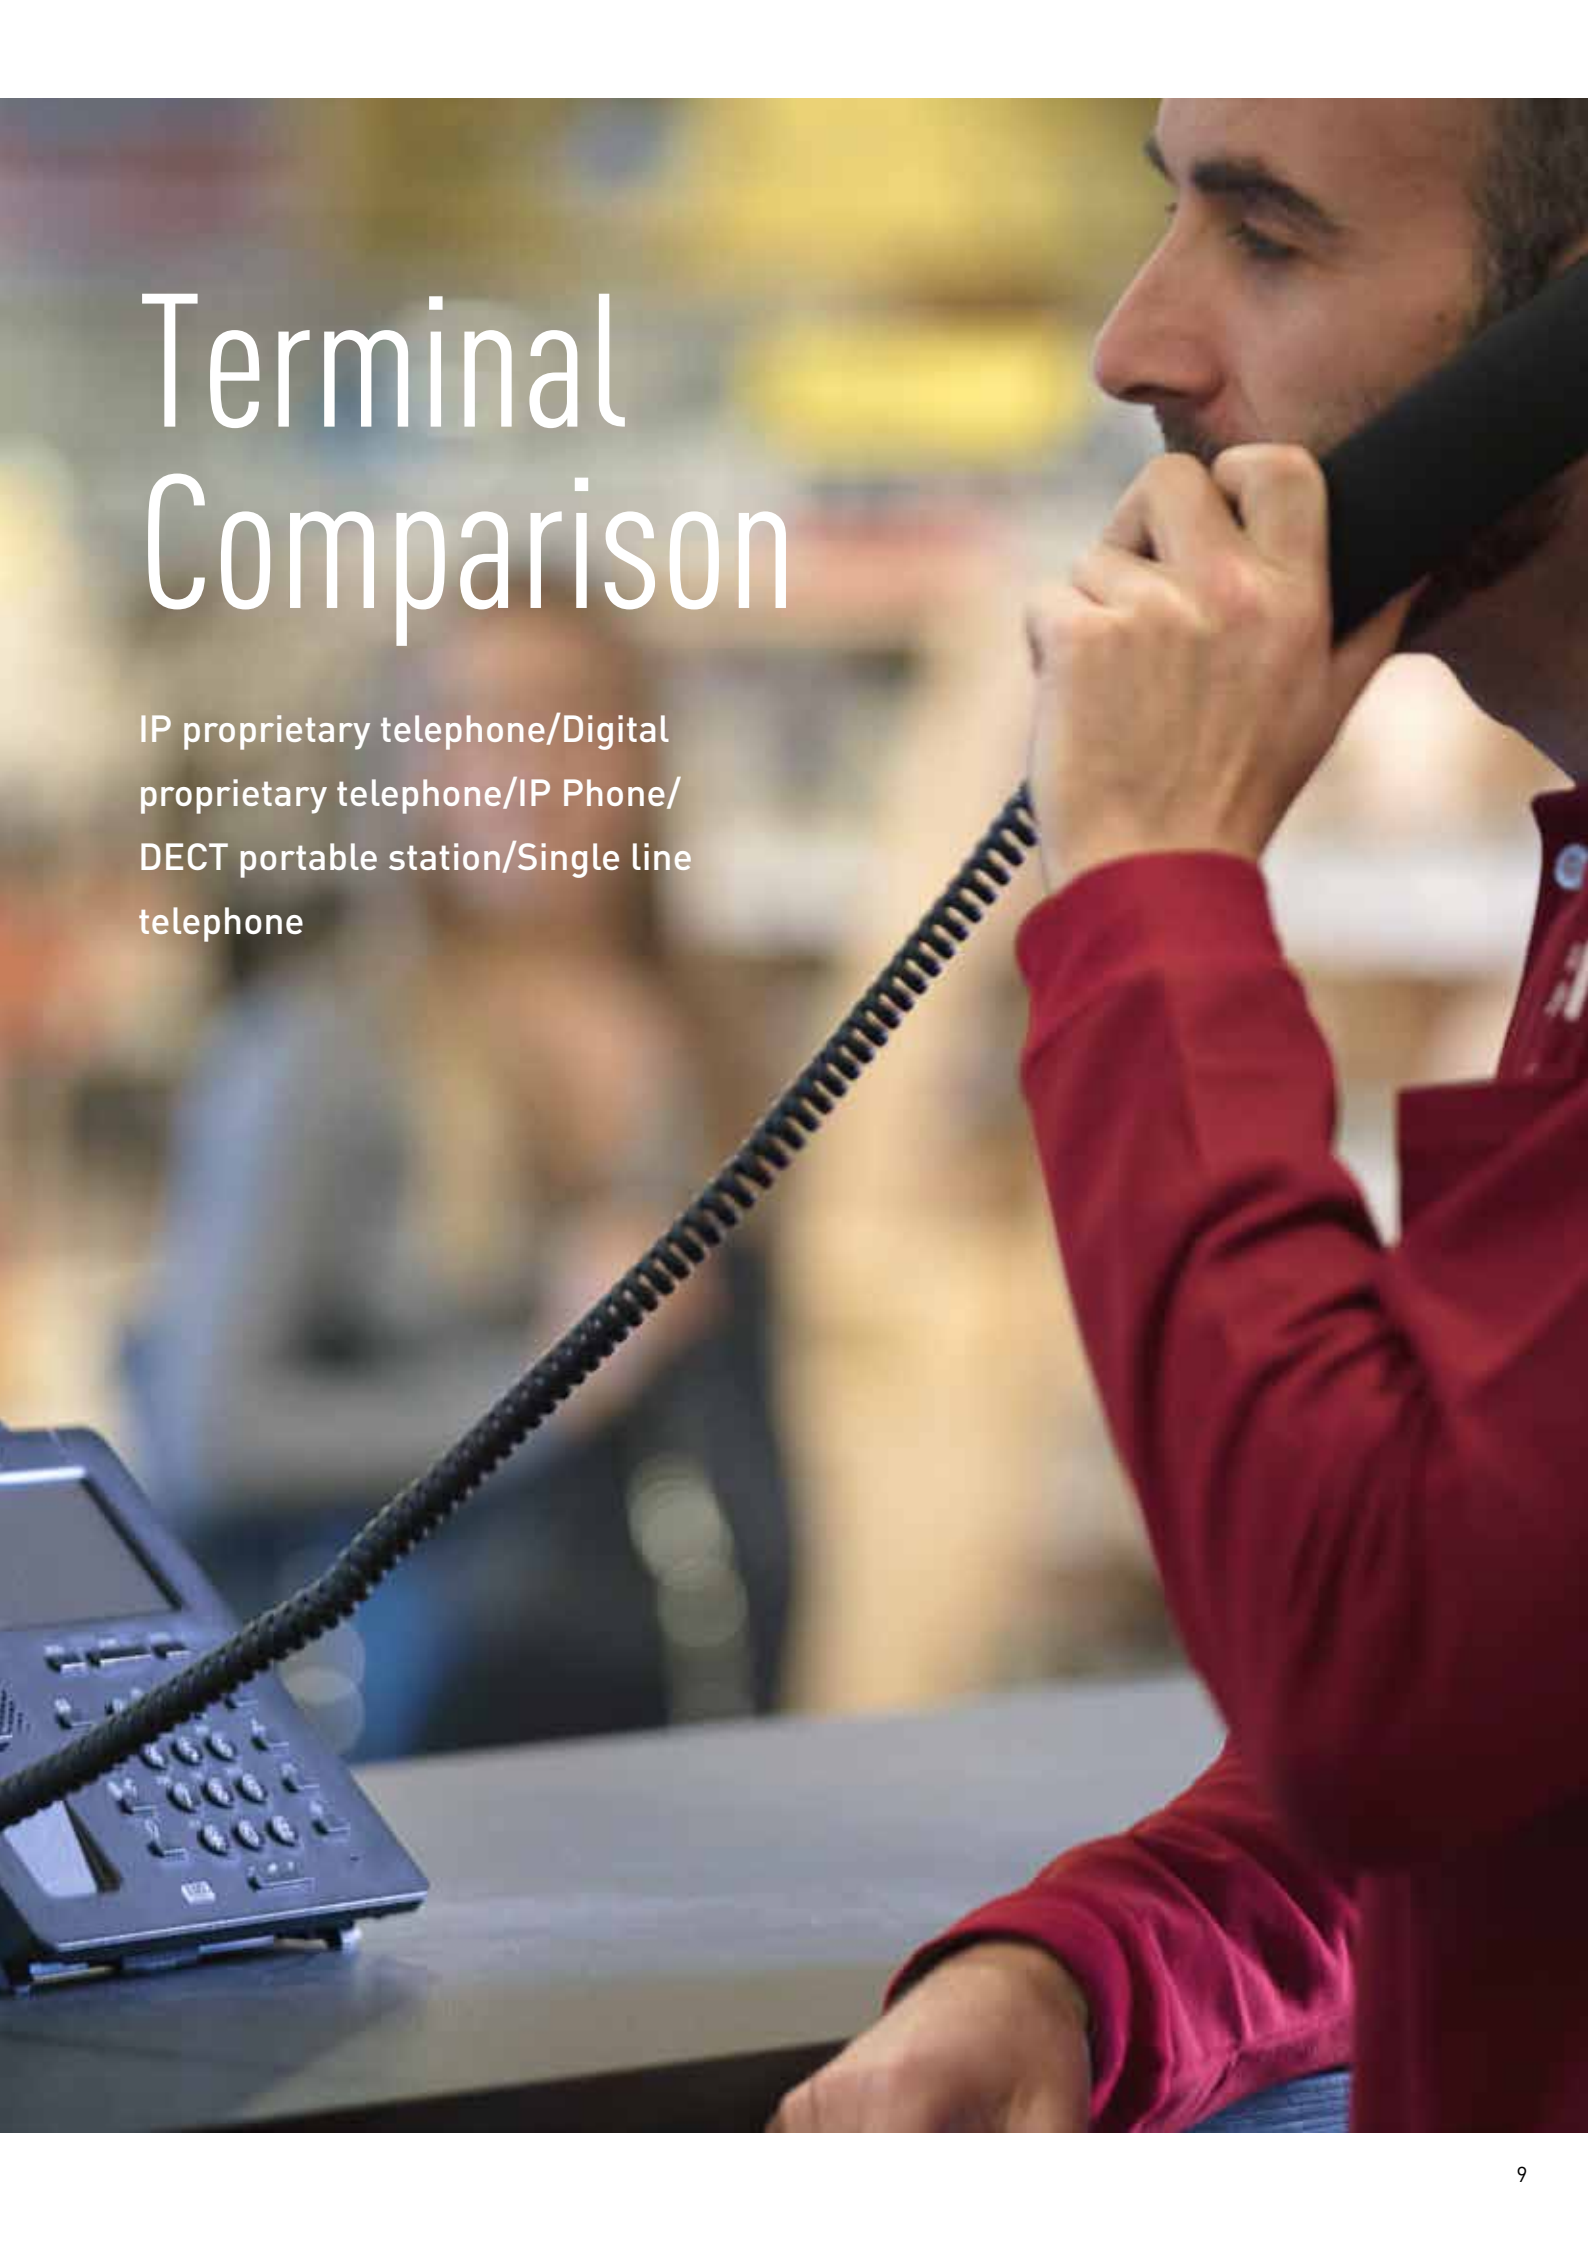

*1 An internet connection (Wi-Fi/3G/4G/LTE) is required to use the application on mobile devices such as smartphones or tablets. Voice quality may depend on the network environment.

*2 UC Pro app and Mobile Softphone app are available on the App Store or Google Play™.
